

Totaline® TotalFresh™ & TotalFresh™ II Odor Neutralizers

TotalFresh™ is a long lasting odor neutralizer that removes odors from the air. It is not a perfume or masking agent. TotalFresh reduces odors caused by mold, mildew, smoke and pets as well as odors caused by solvents, hydrogen sulfide and other noxious chemicals. Originally designed for HVAC systems, TotalFresh can be used in hospitals, nursing homes, schools, basements, vehicles, kennels and various other locations. For those hard to remove odors, use TotalFresh by Totaline®.

Features:

- Pleasant scent, aqua colored.
- Not a perfume or masking agent.
- Use 1-2 pounds of product for each 400 sq. ft. area.
- Several sizes to suit a variety of applications.
- Convenient wall unit for schools, businesses, etc..
- To be placed in duct or near sources of odor.
- Decreases in size as it absorbs odors.
- Reduces odor within 12 hours.
- Environmentally friendly and non-toxic.
