CARRIER AIR MONITOR

As homeowners continue to spend more time at home than ever before, it is imperative to take steps to make living and working spaces healthier. This includes gaining a better understanding of the air they breathe. With a Carrier air monitor, homeowners are one step closer to being more informed about their indoor air quality.

Product Features and Benefits

SIMPLE SETUP

The Carrier air monitor can be setup and running in minutes. Simply position it in the room of choice, plug it in, and connect the device to the Carrier Home app.*

AIR QUALITY SENSOR

Monitors relative humidity, room temperature, Total Volatile Organic Compounds (TVOCs) and PM 2.5.

24-HOUR MONITORING

The Carrier air monitor continuously scans the air to detect fine particles (2.5 microns or smaller), which are associated with potential lung damage, asthma development and increased allergy symptoms.

INSTANT FEEDBACK

The indoor air quality LED indicator light provides an instant visual of the current air quality. The LED light will change color to indicate air quality status.

AIR QUALITY REPORTING

Receive real-time alerts along with air quality trend reports through the Carrier Home app.

SMART FEATURES

Use the Carrier Home app to monitor the home's air quality from anywhere.* And connect the monitor to Amazon Alexa or Google Assistant for voice control.

LIMITED WARRANTY

The Carrier air monitor is covered by a one-year limited warranty. See warranty certificate at carrier.com for complete details and restrictions.

Model	Size (in.)	Weight (lb.)	Power
RMAM-ST	2.7 x 2.7 x 2.2	0.34	5V, USB wall adapter power supply

Indicator Light Color Readings
