

UPGRADE TO

# RC MOBILE TECH APP

Save time on repairs by finding the parts you need with the new **RC Mobile Tech App**, formerly *Totaline® Mobile Tech App*.

Solving challenging HVAC/R problems is your job. Helping you get the right parts, supplies and equipment you need is ours.

The RC Mobile Technician commitment is to provide an easy to use, powerful app that is designed to help the technician standing in front of a unit. This helps at the jobsite to find out what parts are needed to make repairs,

#### FEATURES DEALERS USE:

- **NEW** product lookup
- **NEW** improved barcode scanner that works better in low light conditions
- Robust performance and easy user interface
- E-mail functionality that allows you to send a parts list
- Maintained search history
- Convenient distributor branch locator and onboard GPS
